

**Equality,
Diversity
and
Inclusion
Policy**

Introduction

In relation to its general practice, including but not limited to its status as a consultancy, LKW Family Mediation is fully committed to an equality, diversity and inclusion policy and LKW Family Mediation wishes to ensure that this policy is similarly extended to its mediation, training and PPC support services. This policy will apply equally to those seeking mediation, PPC support, or training services.

Policy Statement

LKW Family Mediation's policy is to ensure that no potential or existing client, consultee, consultant providing mediation for LKW Family Mediation, or person attending a training course is disadvantaged on the grounds of sex, gender, marital status, race, nationality, ethnic or national origins, disability, age, sexual orientation, religious belief or creed. This policy applies to all aspects of recruitment and selection of participants for mediation, for PPC support, and for training. LKW Family Mediation will always strive to ensure that all people are treated equally and that reasonable adjustments are made to achieve this.

Consultants

Consultants will not be accepted to provide mediation for LKW Family Mediation unless they agree to commit themselves to this diversity policy.
